

4-Gang Wall Plate, Two GFCI and Two Single Openings, Black and Gold Brass, 120V/15A

- 4-gang configuration with two GFCI and two single receptacle openings
- Brass construction with black and gold finish
- Rated for 120V / 15A electrical service
- IP20 rating for indoor dry-location use
- UL listed for code-compliant installations
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-4-G-G-S-S is a 4-gang wall plate finished in black and gold brass, built for residential and light commercial electrical installations. It provides two GFCI openings and two single receptacle openings within one 4-gang frame, suited to kitchens, bathrooms, and other multi-outlet locations.

The plate is machined from brass and rated for 120V / 15A circuits. It carries an IP20 rating and a Non-Waterproof environmental rating, indicating use in standard indoor dry locations only.

The device is UL listed and backed by a 1-year warranty.
