

4 - Gang Wall Plate Cover, Black and Gold Finish, Brass, 120V/15A

- 4-gang configuration for multi-device installations
- Brass construction for durability
- Black and gold decorative finish
- Rated 120V/15A for standard residential circuits
- IP20 rated for dry indoor use
- UL listed

OVERVIEW

The C-VTG-BG-4-G-G-S-U is a build-to-order 4-gang wall plate cover finished in black and gold with brass construction. It accommodates multiple devices in a single gang arrangement and suits residential installations where a coordinated decorative finish is required.

The plate is rated for 120V/15A service and carries an IP20 rating, suitable for dry indoor environments with protection against solid objects greater than 12mm. Brass construction provides durability appropriate for long-term residential use.

The product is UL listed and backed by a 1-year warranty.
