

4-Gang Brass Wall Plate, GFCI, Two Switch and Tamper-Resistant Openings, Black and Gold Finish, 120V/15A

- 4-gang configuration with GFCI, two switch, and tamper-resistant openings
- Brass construction with black and gold finish
- Rated for 120 V / 15 A circuits
- IP20 environmental rating for indoor dry locations
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-4-G-S-S-T is a 4-gang wall plate finished in black and gold brass, configured with one GFCI opening, two switch openings and one tamper-resistant opening. It is intended for residential supply applications where contractors and property managers need a coordinated decorative finish across multi-device installations.

Constructed from brass, the plate is rated for 120 V / 15 A circuits and carries an IP20 environmental rating with a non-waterproof classification, suitable for standard indoor dry locations.

The assembly is UL listed and backed by a 1-year warranty.
