

4 - Gang Wall Plate, GFCI, Toggle and Dual USB Openings, Black and Gold Finish, Brass, UL Listed

- 4-gang configuration with GFCI, toggle, and dual USB openings
- Brass construction for durability in wiring device applications
- Black and gold finish for a decorative vintage appearance
- Rated 120V at 15A for standard branch circuit compatibility
- IP20 rated for non-waterproof, indoor installation only
- UL listed with a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-4-G-T-U-U is a 4-gang wall plate finished in black and gold, configured with one GFCI opening, one toggle switch opening, and two USB openings. It is part of a configurable Build Your Own Residence Supply series, letting contractors specify gang count, opening layout, and finish to match project requirements.

The plate is constructed of brass and rated IP20 for non-waterproof indoor use, with a 120V/15A electrical rating suited to standard residential and light commercial circuits.

The product is UL listed and carries a 1-year warranty.
