

4 - Gang Wall Plate, Two Single and Two USB Openings, Black and Gold, 120V 15A

- Constructed from brass for durability in wiring device assemblies
 - Rated for 120V circuits at 15A current draw
 - IP20 rated for standard indoor dry-location use
- Non-waterproof environmental rating suited to interior installations
 - UL listed for electrical safety compliance
 - Finished in black and gold for a decorative vintage appearance

OVERVIEW

The C-VTG-BG-4-S-S-U-U is a 4-gang wall plate finished in black and gold, configured with two single openings and two USB openings for combined switch and USB device installations. It is intended for residential and light commercial wiring applications where mixed device layouts are required.
