

4 - Gang Brass Wall Plate, One Toggle and Three USB Openings, Black and Gold Finish, 120V 15A

- Brass construction for durability in wiring device applications
 - Black and gold finish for coordinated decorative installations
- Configured with one toggle opening and three USB openings
 - Rated 120V at 15A for standard residential circuits
 - IP20 rated, suited to dry indoor environments only
 - UL listed with a 1 - year warranty

OVERVIEW

The C-VTG-BG-4-T-U-U-U is a 4-gang brass wall plate finished in black and gold, configured with one toggle-style switch opening and three USB openings. It is intended for residential supply installations where a decorative finish is paired with mixed toggle and USB device functions.

Constructed from brass, the plate is rated for 120V at 15A and carries an IP20 rating, indicating suitability for dry indoor environments only.

The device is UL listed and backed by a 1-year warranty.
