

5 - Gang Wall Plate, Four Decorator Openings and One Switch, Brass, Black and Gold, 120V 15A

- Five-gang configuration with four decorator openings and one switch opening
- Brass construction for durable, long-term installation
- Black and gold finish for a coordinated appearance
- Rated 120V at 15A for standard residential circuits
- IP20 rating suited to dry indoor environments
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-D-D-D-S is a build-to-order 5-gang wall plate finished in black and gold, configured with four decorator openings and one toggle switch opening. Constructed from brass, it suits residential and light commercial installations requiring a coordinated finish alongside standard electrical compatibility.

The plate is rated for 120V service at 15A and carries an IP20 rating, indicating suitability for dry indoor environments. Brass construction provides durability appropriate for long-term installation.

The device is UL listed and backed by a 1-year warranty.
