

5-Gang Wall Plate, Three Decorator and Two GFCI Openings, Black and Gold Brass, 120V/15A

- Five-gang configuration with three decorator and two GFCI openings
- Brass construction with black and gold finish
- Rated for 120V/15A electrical service
- IP20 rated for indoor dry-location use
- UL listed for verified safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-5-D-D-D-G-G is a 5-gang wall plate finished in black and gold, configured with three decorator-style openings and two GFCI openings. It is designed for residential and light commercial installations where a custom multi-device faceplate is required in a single gang row.

Constructed from brass, this plate is rated for 120V/15A service and carries an IP20 rating for standard indoor dry-location use. It is classified Non-Waterproof and intended for interior applications only.

The plate is UL listed and backed by a 1-year warranty.
