

5-Gang Wall Plate, Three Decorator and Two Toggle Openings, Brass, Black and Gold, 120V

- Five-gang configuration with three decorator and two toggle openings
- Brass construction for durability in wiring device applications
- Rated for 120 V, 15 A branch circuits
- IP20 rating suited to dry indoor environments
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-D-D-S-S is a build-to-order 5-gang wall plate finished in black and gold, configured with three decorator openings and two toggle openings. It is intended for residential supply applications on standard branch circuits.

Constructed from brass, the plate is rated for 120 V, 15 A circuits and carries an IP20 rating, indicating suitability for dry indoor environments where protection against moisture ingress is not required.

The device is UL listed and backed by a 1-year warranty.
