

5 - Gang Wall Plate, Three Duplex and Two Toggle Openings, Black and Gold Brass Finish, 120V

- 5-gang wall plate with three duplex and two toggle openings
 - Brass construction for durability across multi-gang layouts
 - Black and gold finish for coordinated decorative installations
- Rated 120V at up to 15A
 - IP20 rated for dry indoor environments
 - UL listed with 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-D-D-T-T is a 5-gang combination wall plate finished in black and gold, configured for three duplex receptacle openings and two toggle switch openings. Constructed from brass, it is suited for residential and light commercial installations where a coordinated, decorative finish is required alongside standard electrical device configurations.

The plate is rated for 120V circuits at up to 15A and carries an IP20 rating, indicating suitability for dry indoor environments. Its brass construction provides durability and a consistent finish across multi-gang applications.

The device is UL listed and carries a 1-year warranty.
