

5 - Gang Wall Plate, Three Decorator and Two USB Openings, Brass, 120V/15A, Black and Gold

- 5-gang configuration with three decorator and two USB openings
- Brass construction for structural durability
- Black and gold finish for a distinct aesthetic
- Rated 120V, 15A for standard North American circuits
- IP20 rated, non-waterproof, for interior installations
- UL listed with a 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-D-D-U-U is a 5-gang wall plate finished in black and gold, configured with three decorator openings and two USB openings. Constructed from brass, it is suited for commercial and residential wiring installations where a consistent aesthetic finish is required alongside durable hardware.

Rated for 120V/15A service, this plate is designed for standard North American electrical configurations. The brass construction provides structural rigidity, and the assembly carries an IP20 rating for non-waterproof, interior use.

The device is UL listed and backed by a 1-year warranty.
