

5 - Gang Wall Plate, Two Decorator, One GFCI and Two USB Openings, Black and Gold Brass, 120V/15A

- Five-gang configuration with two decorator, one GFCI and two USB openings
 - Black and gold finish over brass construction
 - Rated for 120V service at 15A current draw
- IP20 rated for non-waterproof, dry indoor use
 - UL listed for compliance verification
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-D-G-U-U is a five-gang wall plate finished in black and gold, constructed from brass. It combines two decorator openings, one GFCI opening, and two USB openings in a single configurable plate for residential and light commercial installations requiring a decorative finish with mixed device functions.

The plate is rated for 120V/15A service and carries an IP20 rating, suitable for dry indoor environments. Brass construction supports durability and corrosion resistance for long-term use in finished interior spaces.

The plate is UL listed and backed by a 1-year warranty.
