

5-Gang Wall Plate, Two Decorator, One Switch, Two USB Openings, Brass, 120V/15A, Black and Gold

- Five-gang configuration with two decorator and two USB openings plus one switch opening
- Brass construction with black and gold finish
- Rated for 120V operating voltage and 15A current draw
- IP20 rated for indoor dry-location use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-D-S-U-U is a 5-gang wall plate finished in black and gold, configured with two decorator openings, one switch opening, and two USB openings. It is intended for residential and light commercial installations where multiple device types are combined in a single gang location.

Constructed from brass, the plate carries a rated input voltage of 120V and a maximum current draw of 15A, suitable for standard North American branch circuit wiring. The IP20 rating indicates protection against solid objects greater than 12mm, appropriate for indoor dry-location use, consistent with its Non-Waterproof environmental rating.

The product is UL listed and backed by a 1-year warranty.
