OVERVIEW

The C-VTG-BG-5-D-D-T-U-U is a 5 - gang combination wall plate finished in black and gold, configured with two decorator openings, one toggle opening, and two USB openings. It is intended for residence supply applications where a coordinated, multi - device faceplate is required in a single wall location.

Constructed from brass, the plate is rated for 120V at 15A, suitable for standard residential branch circuit installations. The IP20 rating indicates protection against solid objects greater than 12mm, appropriate for standard interior dry - location use, and the assembly is UL listed.

The plate carries a 1 - year warranty.
