

5 - Gang Wall Plate, One Decorator, Three GFCI and One Toggle Opening, Black and Gold Brass, 120V 15A

- 5-gang configuration with one decorator, three GFCI and one toggle opening
- Brass construction with black and gold finish
- Rated for 120V circuits at 15A
- IP20 rating for indoor dry-location use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-G-G-G-T is a 5-gang combination wall plate finished in black and gold brass, intended for residential and light commercial wiring installations. The configuration combines one decorator opening, three GFCI-style openings, and one toggle opening within a single multi-gang assembly, suitable for consolidated switch and outlet locations.

Constructed from brass, the plate is rated for 120V circuits at 15A and carries an IP20 rating with a non-waterproof environmental rating, appropriate for standard indoor dry-location installations.

The plate is UL listed and backed by a 1-year warranty.
