

5 - Gang Wall Plate, Decorator, Three GFCI and USB Openings, Black and Gold Brass, UL Listed

- Five-gang configuration with one decorator, three GFCI, and one USB opening
- Brass construction with a black and gold finish
- Rated for 120 V, 15 A indoor electrical service
- IP20 environmental rating for dry indoor environments
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-5-D-G-G-G-U is a 5-gang wall plate cover finished in black and gold brass, built for residential and light commercial rough-in locations that combine multiple device types. The configuration provides one decorator opening, three GFCI openings, and one USB opening across the five gangs, suiting mixed-device outlet locations such as kitchens, baths, or utility rooms.

Constructed from brass, the plate is rated for indoor use at 120 V and up to 15 A, with an IP20 environmental rating suited to dry interior environments. It is UL listed and carries a 1-year warranty.
