

5 - Gang Wall Plate, One Duplex, Two GFCI and Two Switch Openings, 15A 120V, Black and Gold Brass

- Brass construction with black and gold finish
- Configured with one duplex, two GFCI and two switch openings
- Rated for 120 V branch circuits at 15 A
- IP20 environmental rating for dry indoor use
- UL listed
- 1-year warranty

OVERVIEW

This 5-gang wall plate is finished in black and gold and configured with one duplex receptacle opening, two GFCI openings and two toggle switch openings, suited for consolidated wiring installations in residential and light commercial spaces such as kitchens, bathrooms and utility rooms. The multi-gang layout allows a single plate to serve mixed receptacle and switch functions in one location.

Constructed from brass, the plate is rated for 120 V branch circuits at 15 A and carries an IP20 environmental rating, indicating suitability for dry, non-waterproof indoor locations.

The device is UL listed and backed by a 1-year warranty.
