- Configured with decorator, GFCI, switch, and USB device openings
- Rated for 120V, 15A residential and light commercial circuits
- IP20 rated for interior dry-location, non-waterproof use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-G-G-S-U is a 5-gang wall plate finished in black and gold brass, built for residential and light commercial wiring installations. The plate is configured with one decorator opening, two GFCI openings, one switch opening, and one USB opening, providing a coordinated, finished appearance across a multi-device installation.

Constructed from brass, the plate is rated IP20 for interior dry locations and is designated non-waterproof. It is rated for 120V, 15A circuits.

The wall plate is UL listed and carries a 1-year warranty.
