

5 - Gang Wall Plate, Decorator/GFCI/GFCI/Toggle/Toggle, Black and Gold Brass, 120V 15A

- 5-gang configuration with one decorator and two GFCI openings
- Two toggle switch openings complete the 5-gang layout
- Brass construction with black and gold finish
- Rated for 120V, 15A branch circuits
- IP20 rated for dry indoor environments
- UL listed, 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-G-G-T-T is a 5-gang brass wall plate finished in black and gold, configured with one decorator opening, two GFCI openings, and two toggle switch openings. It is intended for residential and light commercial wiring installations where multiple device types are grouped at a single location, such as consolidated control points or utility rooms.

The plate is rated for 120V, 15A branch circuits and carries an IP20 rating, indicating suitability for dry indoor environments. It is built from brass for durability in fixed installations.

The assembly is UL listed and backed by a 1-year warranty.
