

5 - Gang Wall Plate, Decorator/GFCI/Switch/USB/USB Openings, Brass, 120V/15A, UL Listed

- Five-gang configuration with decorator, GFCI, switch and two USB openings
- Brass construction for durability in wiring device applications
- Rated 120V at 15A for standard residential and commercial circuits
- IP20 rated for indoor, non-waterproof installations
- UL listed for compliance verification
- Black and gold finish for a distinctive vintage appearance

OVERVIEW

The C-VTG-BG-5-D-G-S-U-U is a build-your-own residence supply wall plate finished in black and gold, configured as a 5-gang unit with one decorator opening, one GFCI opening, one toggle switch opening, and two USB openings. It is intended for residential and light commercial wiring applications where a custom multi-device plate configuration is required.

The plate is constructed of brass and rated for 120V at 15A, with an IP20 environmental rating suited to indoor, non-waterproof locations. It carries a UL listing and a 1-year warranty.
