

5 - Gang Wall Plate, One Duplex and Four Single Openings, 15A 120V, Black and Gold Brass

- 5 - gang layout with one duplex opening and four single openings
- Brass construction in a black and gold finish
- Rated for 120 V, 15 A branch circuit applications
- IP20 rated for dry, non - waterproof indoor environments
- UL listed for code compliance
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-BG-5-D-S-S-S-S is a 5 - gang wall plate finished in black and gold brass, built for residential and light commercial wiring installations. Its configuration provides one duplex opening and four single - device openings, allowing outlet and switch hardware to be combined within a single gang box assembly. Constructed from brass, the plate is rated for 120 V, 15 A branch circuits and carries an IP20 environmental rating for dry indoor use. The assembly is UL listed and backed by a 1 - year warranty.
