

5 - Gang Wall Plate, Decorator Opening, Toggle and Three-Way Switches, Black and Gold, Brass, 120V/15A

- Combines one decorator opening, three toggle switches and one three-way switch in a five-gang plate
- Rated for 120V, 15A electrical service
- Brass plate construction finished in black and gold
- IP20 rated for non-waterproof, indoor installations
- UL listed and backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-D-S-S-S-T is a five-gang wall plate assembly combining one decorator opening, three toggle switches, and one three-way switch in a single unit finished in black and gold. It is intended for residential supply applications where a coordinated switch bank is required in a single mounting location.

Constructed from brass, the plate is rated IP20 and classified non-waterproof, making it suitable for standard interior installations. The assembly supports a 120V, 15A electrical rating for the switch positions it houses.

The device is UL listed and carries a 1-year warranty.
