- 5 - gang layout with one decorator opening, one toggle switch, and three USB openings
- Rated 120V at 15A for standard branch circuit service
- Brass construction for structural durability
- IP20 rated, classified non - waterproof for indoor use
- UL listed
- Backed by a 1 - year warranty

OVERVIEW

The C-VTG-BG-5-D-S-U-U-U is a black and gold finish 5 - gang wall plate configured with one decorator opening, one toggle switch opening, and three USB openings. It is designed for custom electrical installations in upscale residential and light commercial settings where multiple device types are combined on a single plate.

The plate is rated for 120V/15A service, suitable for standard North American branch circuit applications, and is built from brass for structural integrity and a durable finish. It carries an IP20 rating and is classified non - waterproof, indicating suitability for indoor use only.

The assembly is UL listed and backed by a 1 - year warranty.
