- Solid brass construction for durability
- Black and gold finish for a vintage decorative look
- Rated for 120V, 15A residential circuits
- IP20 rated for dry indoor environments
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BG-5-G-G-G-S-S is a 5-gang wall plate finished in black and gold brass, intended for residential and light commercial wiring installations. It provides three GFCI receptacle openings and two single receptacle openings, suited to mixed-outlet configurations in kitchens, bathrooms, or utility spaces.

Constructed from brass with a black and gold finish, the plate is rated for 120V, 15A circuits and carries an IP20 rating, indicating suitability for dry indoor environments.

The device is UL listed and backed by a 1-year warranty.
