

5 - Gang Wall Plate, Black and Gold Brass Finish, 120V/15A, UL Listed

- 5-gang configuration for multi-device wall installations
- Solid brass construction in a black and gold finish
- Rated for 120V circuits at 15A current draw
- IP20 rated, non-waterproof for interior use
- UL Listed for electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-5-G-G-S-S-S is a 5-gang wall plate finished in black and gold, built from solid brass for use in residential supply and multi-device electrical installations. It suits hospitality, high-end residential, and commercial interior settings where a coordinated device finish is specified.

The plate is rated for 120V circuits at 15A and carries an IP20 environmental rating, indicating non-waterproof use suited to interior dry locations.

The device is UL Listed and backed by a 1-year warranty.
