

5 - Gang Wall Plate, Black and Gold Brass Finish, 120V/15A, UL Listed

- 5 - gang wall plate configuration for combined switch and receptacle layouts
- Brass construction with black and gold finish
- Rated for 120V/15A residential circuits
- UL listed for safety compliance
- IP20, non - waterproof environmental rating for indoor use
- 1 - year warranty on materials and finish

OVERVIEW

The C-VTG-BG-5-G-G-S-T-T is a 5 - gang wall plate finished in black and gold, intended for residential supply configurations that combine multiple switch and receptacle openings in a single decorative cover. It suits period - style or upscale residential and hospitality installations where matching finish across multi - device runs is required.

Constructed from brass and rated for 120V/15A circuits, the plate is UL listed and carries an IP20, non - waterproof environmental rating for indoor use. A 1 - year warranty applies to the assembly.

The black and gold brass finish is intended to remain consistent across multi - gang builds for a uniform appearance.
