

5 - Gang Wall Plate, Black and Gold Brass Finish, 120V/15A, UL Listed

- Five-gang configuration with two GFCI openings, one toggle and two USB openings
- Brass construction with black and gold finish
- Rated 120V at 15A for standard residential circuits
- IP20 environmental rating for non-waterproof interior use
- UL listed for code-compliant installations
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-G-G-T-U-U is a 5-gang wall plate finished in black and gold brass, configured with two GFCI-style openings, one toggle opening and two USB openings. It is designed for residential supply applications where a coordinated, decorative aesthetic is required alongside standard electrical installations.

The plate is rated for 120V at 15A and carries an IP20 environmental rating, indicating suitability for non-waterproof, interior use. Brass construction supports the black and gold finish for a durable decorative surface.

The device is UL listed and backed by a 1-year warranty.
