

5 - Gang Wall Plate, Black and Gold Brass Finish, 120V/15A, UL Listed

- 5-gang configuration for multi-device wall openings
- Brass base material for durability
- Black and gold finish for decorative coordination
- Rated 120V at 15A for standard residential circuits
- IP20 environmental rating for dry indoor use
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BG-5-G-S-S-S-S is a 5-gang wall plate constructed of brass and finished in black and gold, designed to cover multiple switch or receptacle openings in a single decorative unit. It is intended for residential and commercial interiors where a coordinated multi-device finish is required.

The plate is rated for 120V/15A circuits and carries an IP20 environmental rating, indicating it is intended for dry, non-waterproof indoor locations.

The product is UL listed and backed by a 1-year warranty.
