OVERVIEW

The C-VTG-BG-5-G-S-S-S-T is a 5 - gang wall plate finished in black and gold brass, configured with one GFCI opening, three switch openings, and one toggle opening. It is intended for residential and light commercial wiring installations where multiple device types are combined behind a single coordinated plate.

Constructed from brass, the plate carries an IP20 environmental rating for interior dry locations and is rated Non - Waterproof. It supports a 120V, 15A circuit configuration.

The assembly is UL Listed and backed by a 1 - year warranty.
