

5 - Gang Decorator Wall Plate, Black and Gold Brass, 120V/15A, UL Listed

- 5-gang configuration for multi-device wall installations
- Constructed from brass with a black and gold finish
- Rated 120V/15A for standard branch circuit devices
- IP20 rated for interior, non-waterproof locations
- UL listed for verified electrical safety compliance
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-5-G-S-S-S-U is a 5-gang wall plate finished in black and gold brass, built for multi-device residential and light commercial wiring installations. The plate is configured to accept a mix of standard decorator-style openings along with a dedicated USB opening, allowing a coordinated look across a bank of devices.

Constructed from brass and rated for interior dry locations at IP20, the plate supports circuits up to 120V and 15A. It is intended for use with standard decorator and USB device inserts in a five-position layout.

The plate is UL listed and backed by a 1-year manufacturer warranty.
