

5 - Gang Wall Plate, Black and Gold Brass Finish, GSTTT Configuration, 120V/15A

- Five-gang wall plate configured as GFCI, switch, and three toggle openings
- Brass construction with black and gold finish
- Rated for 120V/15A electrical service
- IP20 environmental rating for dry-location use
- UL listed for compliance verification
- Backed by a 1-year manufacturer warranty

OVERVIEW

The C-VTG-BG-5-G-S-T-T-T is a 5-gang wall plate finished in black and gold brass, built for residential and light commercial wiring assemblies that require multiple device types in a single plate. The GSTTT layout combines one GFCI opening, one switch opening, and three toggle openings across the five gangs.

Constructed from brass, the plate is rated for 120V/15A service with an IP20 environmental rating, suited to standard indoor dry-location installations. It is UL listed and carries a 1-year warranty.
