

5 - Gang Wall Plate, Black and Gold Brass Finish, UL Listed, 120V/15A

- Five-gang configuration for grouped switch and receptacle installations
- Brass body construction for durability and decorative finish
- Black and gold finish suited to upscale residential interiors
- UL listed for compliance in standard interior wiring applications
- Rated 120V/15A for typical residential and light commercial circuits
- IP20 environmental rating for non-waterproof indoor use

OVERVIEW

The C-VTG-BG-5-G-U-U-U-U is a five-gang wall plate finished in black and gold brass, configured for multi-device installations in upscale residential and light commercial interiors. The five-opening layout allows a mix of switches, receptacles or accessory modules to be grouped on a single plate for a coordinated appearance.

The brass body provides a durable, decorative surface rated for 120V/15A circuits with an IP20 environmental rating, and the assembly is UL listed for standard interior use.

The device carries a 1-year warranty.
