

5 - Gang Toggle Switch Wall Plate, Black and Gold Brass Finish, 120V/15A, UL Listed

- Five single-gang toggle switch openings in one wall plate
- Brass construction with black and gold finish
- Rated 120V at 15A for standard switch circuits
- IP20 rated for dry, non-waterproof indoor use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-S-S-S-S-S is a 5-gang wall plate finished in black and gold brass, configured with five single-gang toggle switch openings. It is intended for residential and hospitality installations where a period-appropriate decorative finish is required alongside functional switch grouping.

The plate is constructed of brass and rated for 120V at 15A, suitable for standard switch loads. It carries an IP20 environmental rating and is classified non-waterproof, indicating suitability for dry, indoor locations only.

The product is UL listed and backed by a 1-year warranty.
