

5 - Gang Wall Plate, Three Switch and Two USB Openings, 120V/15A, Black and Gold Brass

- Five-gang plate with three switch openings and two USB openings
- Solid brass plate construction
- Black and gold finish
- Rated 120V/15A for standard branch circuits
- IP20 rating for dry indoor locations
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BG-5-S-S-S-U-U is a build-your-own 5-gang wall plate with a black and gold finish, intended for residential and light commercial supply applications where multiple switch and USB openings are required in a single location. The configuration combines three switch openings and two USB openings, allowing contractors and property managers to assemble a plate layout matched to the outlet and switch arrangement at the job site. The plate body is solid brass and is rated for 120V/15A service with an IP20 rating, suitable for standard indoor dry-location installations. It is UL listed and carries a 1-year warranty.
