

5 - Gang Wall Plate, 120V/15A, Black and Gold Brass, Two Single, Two Duplex and One USB Opening

- Five-gang configuration with two single openings, two duplex openings and one USB opening
 - Rated for 120V service at 15A
 - IP20 rated for dry interior locations
- Brass construction with black and gold finish
 - UL listed
 - Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-S-S-T-T-U is a 5-gang wall plate assembly configured with two single openings, two duplex openings, and one USB opening, finished in a black and gold brass construction. It is intended for residential supply applications where a decorative finish is paired with multi-device functionality on a single plate.

The assembly is rated for 120 V service at 15 A and carries an IP20 rating, suitable for standard interior dry-location installations. Brass construction provides a consistent finish and mechanical durability across all five gang openings.

The device is UL listed and backed by a 1-year warranty.
