

5 - Gang Wall Plate, 15A 120V, Black and Gold Finish, Brass Construction, UL Listed

- Five-gang configuration with one switch, one toggle and three USB openings
- Brass construction with black and gold finish
- Rated 15 A at 120 V for standard residential circuits
- IP20 ingress protection, non-waterproof, indoor use only
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BG-5-S-T-U-U-U is a five-gang wall plate finished in black and gold, machined from brass. The configuration provides one switch opening, one toggle opening and three USB openings within a single coordinated plate, suited to residential installations where multiple device types are grouped in one location.

The device is rated for 15 A at 120 V and carries an IP20 ingress protection rating, classifying it as non-waterproof and intended for dry, indoor locations. It is backed by a 1-year warranty.

The product is UL listed.
