

5 - Gang Wall Plate with Toggle Switch and Four USB Openings, Black and Gold Brass, 15A 120V

- 5 - gang configuration with one toggle switch and four USB openings
- Brass construction with black and gold finish
- Rated 15A at 120V for residential circuits
- IP20 rated for non - waterproof interior installations
- UL listed
- 1 - year warranty

OVERVIEW

The C-VTG-BG-5-T-U-U-U-U is a 5 - gang wall plate configured with one toggle switch opening and four USB openings, finished in black and gold over brass construction. It is intended for residential electrical installations requiring a decorative multi - device cover plate across several openings.

The plate is rated for 120V operation at 15A, with an IP20 rating for non - waterproof interior use. Brass construction provides a durable, corrosion - resistant housing suited for standard residential wall boxes.

The unit is UL listed and carries a 1 - year warranty.
