

Bronze with Patina 1 - Gang Wall Plate, Brass, 120V/15A, UL Listed

- Single-gang wall plate configuration
 - Bronze with patina finish for a vintage aesthetic
 - Brass construction for durability
- Rated 120V, 15A for standard residential circuits
 - IP20, Non-Waterproof rating for dry interior locations
 - UL listed with 1-year warranty

OVERVIEW

The C-VTG-BP-1-G is a single-gang wall plate finished in bronze with patina, designed for residential and light commercial wiring applications where a customizable vintage-style device assembly is required. It is constructed from brass and rated for interior, dry-location use.

The wall plate supports a 120V, 15A circuit and carries a Non-Waterproof, IP20 environmental rating suited for standard indoor conditions.

The device is UL listed and backed by a 1-year warranty.
