

2 - Gang Wall Plate, Bronze with Patina Finish, Brass, 120V/15A, UL Listed

- 2-gang configuration for dual wiring device coverage
- Brass construction with bronze with patina finish
- Rated 120V at 15A for standard residential circuits
- IP20 rated for dry indoor environments
- UL listed
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-2-S-U is a 2-gang wall plate finished in bronze with patina, configured for standard residential and light commercial electrical installations. It suits applications where a traditional or vintage aesthetic is paired with functional wiring device coverage.

Constructed from brass, the wall plate is rated IP20 for indoor, non-waterproof environments and is intended for 120V circuits at up to 15A. It carries a 1-year warranty and is UL listed.
