

3-Gang Wall Plate, One Decorator and Two GFCI Openings, Bronze with Patina, 120V/15A

- Three-gang configuration with one decorator opening and two GFCI openings
- Brass construction with bronze with patina finish
- Rated for 120V/15A electrical service
- IP20 rating for non-waterproof, dry indoor use
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-3-D-G-G is a 3-gang wall plate configured with one decorator opening and two GFCI openings, finished in bronze with patina over a brass body. It suits residential and light commercial wiring locations where a vintage finish is paired with a multi-device outlet layout.

The plate is rated for 120V/15A service and carries an IP20 rating for non-waterproof, dry indoor installations.

The device is UL listed and backed by a 1-year warranty.
