

3-Gang Wall Plate, One Decorator and Two Toggle Openings, Brass, 120V/15A

- Brass construction with bronze with patina finish
- 3-gang configuration with one decorator opening and two toggle switch openings
- Rated for 120V/15A circuits
- IP20 rating for dry, non-waterproof indoor use
- UL listed
- 1-year warranty

OVERVIEW

The C-VTG-BP-3-D-S-S is a 3-gang wall plate finished in bronze with patina, configured with one decorator opening and two toggle switch openings. It is built for use with standard decorator (Decora-style) devices alongside toggle switches, suiting retrofit or new-construction projects where a period-appropriate metal finish is specified.

The plate is rated for 120V/15A circuits and carries an IP20 rating, indicating suitability for dry indoor environments rather than wet or damp locations. Construction is brass, consistent with a durable, corrosion-resistant metal wall plate.

The device is UL listed and backed by a 1-year warranty.
