

3-Gang Wall Plate, Bronze with Patina Finish, Brass, 120V/15A, UL Listed

- 3-gang configuration for grouped switches or receptacles
- Constructed from solid brass for durability
- Bronze with patina finish for a traditional appearance
- Rated for 120V, 15A residential circuits
- IP20 rated, non-waterproof, for dry indoor use
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BP-3-G-S-S is a 3-gang wall plate finished in bronze with patina, intended for residence supply installations requiring a traditional appearance. Configured with three switch or receptacle openings, it is suitable for interior residential and light commercial applications.

The wall plate is constructed from brass for durability and rated for 120V, 15A circuits. It carries an IP20 rating and a non-waterproof environmental rating, indicating suitability for dry indoor locations only.

The device is UL listed and backed by a 1-year warranty.
