

3-Gang Wall Plate, Bronze with Patina Finish, Brass, 120V/15A, UL Listed

- 3-gang wall plate configuration
- Bronze with patina finish over solid brass construction
- Rated for 120V, 15A electrical service
- IP20 rated for standard indoor dry locations
- UL listed for compliance verification
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-3-G-S-T is a 3-gang wall plate finished in bronze with patina, designed for decorative electrical installations where a vintage or aged-metal aesthetic is required. It suits upscale residential and hospitality environments where standard plastic or chrome finishes are not appropriate.

Constructed from brass with a bronze patina finish, this plate is rated for 120V/15A service and carries an IP20 rating, indicating suitability for standard indoor dry locations. It is classified non-waterproof and intended for interior use only.

The device is UL listed and backed by a 1-year warranty.
