

3-Gang Wall Plate, Bronze with Patina Finish, 120V/15A, UL Listed

- 3-gang configuration with one standard opening and two USB openings
- Bronze with patina finish for a vintage aesthetic
- Brass construction for durability in decorative applications
- Rated 120V at 15A for standard residential circuits
- IP20 rated, non-waterproof, for indoor dry-location use
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BP-3-G-U-U is a build-your-own 3-gang wall plate finished in bronze with patina, configured with one standard opening and two USB module openings. It is intended for decorative residential and light commercial installations where a vintage or aged-metal aesthetic is specified alongside modern USB charging access.

The plate is constructed from brass and rated for 120V, 15A residential wiring circuits. It carries an IP20 environmental rating and is classified non-waterproof, making it suitable for indoor, dry-location use only.

The product is UL listed and backed by a 1-year warranty.
