

3-Gang Wall Plate with Switch, Toggle and USB Openings, Bronze with Patina Finish, 120V/15A

- Brass construction with bronze with patina finish
- 3-gang configuration with switch, toggle and USB openings
- Rated for 120V / 15A service
- IP20 rated, non-waterproof, for indoor dry-location use
- UL listed
- 1-year manufacturer warranty

OVERVIEW

The C-VTG-BP-3-S-T-U is a 3-gang wall plate finished in bronze with patina, intended for residential wiring applications where a traditional decorative appearance is desired. The STU configuration provides one switch, one toggle, and one USB device opening within a single plate for combined function at a single location.

Constructed from brass, the plate carries an IP20 environmental rating for non-waterproof, indoor dry-location use and is rated for 120 V / 15 A service.

The device is UL listed and backed by a 1-year warranty.
