

Bronze with Patina 3-Gang Triple Toggle Wall Plate, 120V/15A, UL Listed

- 3-gang wall plate with three toggle switch openings
- Bronze with patina finish for period-appropriate interiors
- Brass construction for durability
- Rated 120V/15A for standard residential circuits
- IP20 environmental rating, non-waterproof, indoor use only
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BP-3-T-T-T is a 3-gang triple toggle wall plate finished in bronze with patina, configured for three toggle switch openings. It is built for residential supply applications where a traditional or period-appropriate aesthetic is required in place of standard decorator plates.

The plate is constructed of brass and rated for 120V/15A service. It carries an IP20 environmental rating and is classified non-waterproof, making it suitable for dry, indoor locations only.

The device is UL listed and backed by a 1-year warranty.
