

3-Gang Wall Plate with Toggle Switch and Two USB Openings, Bronze with Patina Finish, 120V/15A

- Three-gang configuration with one toggle switch opening and two USB openings
- Bronze with Patina finish over brass construction
- Rated for 120V service at 15A current draw
- IP20 rated for non-waterproof, dry indoor use
- UL listed
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-3-T-U-U is a 3-gang wall plate configured with one toggle switch opening and two USB openings, finished in bronze with patina for a vintage or aged-metal appearance. Constructed from brass, it is suited to residential retrofit and new construction projects where matching hardware finish is a design requirement.

The device is rated for 120V/15A service and carries an IP20 rating, indicating suitability for dry indoor environments only. Brass construction provides mechanical durability consistent with finish hardware used in residential wiring applications.

The unit is UL listed and backed by a 1-year warranty.
