

4-Gang Wall Plate, Three Decorator Openings and One USB, Bronze with Patina, 120V 15A

- 4-gang configuration with three decorator openings and one USB opening
- Rated 120 V at up to 15 A
- Bronze with patina finish for vintage-style installations
- IP20 rated for standard indoor dry locations
- Brass construction for durability in wiring device applications
- UL listed with 1-year warranty

OVERVIEW

The C-VTG-BP-4-D-D-D-U is a 4-gang wall plate in a bronze with patina finish, configured with three decorator openings and one USB opening. It is intended for residential and light commercial wiring applications where a decorative metal finish is required alongside modern connectivity options.

Constructed from brass, the plate is rated for 120 V circuits at up to 15 A and carries an IP20 rating, suitable for standard indoor dry locations. The bronze with patina finish provides a consistent aesthetic for retrofit or new construction projects specifying vintage-style hardware.

The device is UL listed and carries a 1-year warranty.
