

4-Gang Wall Plate, Two Duplex and Two Single Openings, 120V 15A, Bronze with Patina Finish

- 4-gang brass wall plate with two duplex and two single openings
- Bronze with patina finish for traditional hardware appearance
- Rated for 120V at 15A service
- IP20 rating suited to indoor dry-location use
- UL listed construction
- Backed by a 1-year warranty

OVERVIEW

The C-VTG-BP-4-D-D-S-S is a 4-gang brass wall plate finished in bronze with patina, configured with two duplex openings and two single openings. It is intended for residential supply applications where multiple device types are combined on a single plate, suiting renovation and new construction work that calls for a traditional hardware aesthetic.

The plate is rated for 120V at 15A and carries an IP20 rating, appropriate for standard indoor dry-location installations.

The product is UL listed and backed by a 1-year warranty.
