

4-Gang Wall Plate, Two Decorator and Two USB Openings, Bronze with Patina Finish, 120V/15A

- 4-gang configuration with two decorator and two USB openings
- Brass construction with bronze with patina finish
- Rated for 120V circuits at up to 15A
- IP20 rated for indoor dry-location installation
- UL listed
- 1-year warranty coverage

OVERVIEW

The C-VTG-BP-4-D-D-U-U is a 4-gang wall plate finished in bronze with patina, configured with two decorator openings and two USB openings. It is intended for residential supply applications, suiting renovation and new construction projects where a decorative metal finish is specified alongside mixed decorator and USB device layouts.

Constructed from brass with a bronze patina finish, the wall plate is rated for 120V circuits at 15A and carries an IP20 rating for standard indoor dry-location use in a non-waterproof environment.

The device is UL listed and carries a 1-year warranty.
